

# Vision for the Future

One single school in the  
North of Shrewsbury

One site!!

The Vision of the Shrewsbury Academies Trust and the Local Governing Bodies of both The Grange and Sundorne Schools is **one outstanding school** to serve the North Shrewsbury community.

One school of 850-900 students would allow us to provide:

- (a) Better facilities
- (b) Broader curriculum
- (c) More resources for students
- (d) Sustainable model of education

## **We are now consulting on the plan to create one school from September 2016**

- This is a real consultation – your views will inform the planning and the outcome
- We are proposing one way of doing this (there are others)
- Stakeholder questionnaires
- Current Y6 who move to Sundorne in September 2015 will stay there for their entire school career
- Transport at start and end of school day
